**The Heavy Minds**, based in Upper Austria, are a Psychedelic-70's-Blues-Trio.
After some earlier musical experiments and band´s line-up changes, the group was founded in 2013 by Lukas (guitar, vocals), Tobias (guitar/bass) and Christoph (drums). The band took its debut at the "Night Of Fuzz" at the Posthof Linz. Since then, the three guys played several gigs throughout Austria, including festivals like the Stick and Stone Fest 2013 (East Tyrol), Lake On Fire Festival 2014 (Upper Austria) and shared stages with bands like Mars Red Sky, Colour Haze, Red Fang and many more.

The Heavy Minds – Treasure Coast (2015)

"Treasure Coast can be described as a mixture of heavy, fuzzy riffs, dreamy melodies and spacey solos, heavily influenced by bands of the late 60's, early 70's"
